Letter to the Shareholders

Dear Shareholders:

We are pleased to present the 2017 annual report for Edgewood Real Estate Investment Trust. In many ways, 2017 was a transformational year for Edgewood Real Estate Investment Trust. The acquisitions in 2017, and the associated financing, put us on a glide path to realize continuing year-over-year increases in our earnings per share. In 2017, we acquired approximately $270,000,000 of senior housing assets and entered into triple net leases with the operator. These leases provide an attractive “spread” over our weighted average cost of capital, with annual lease escalators tied to increases in the Consumer Price Index. We ended 2017 with annualized net operating income of $52,000,000; senior housing triple net leases representing 78 percent and multi-family, medical office buildings and other income-producing investments representing 22 percent of this number.

In this report we highlight financial accomplishments, including steady increases in our share price and dividend payout over the past seven years. We ended 2017 with approximately $713,000,000 in assets and are pleased to report a significant year-over-year increase in our per share normalized funds from operations.

In September 2017, the Board of Trustees held a strategic planning session to discuss the future of Edgewood Real Estate Investment Trust and its financial objectives. One of these objectives is a 5 percent annual increase in earnings per share and dividend payout per year. If both targets are achieved they should result in our ability to increase our share price annually. As it relates to share price, every year the external advisor prepares a net asset value computation for the Board of Trustees. This computation takes into consideration net operating income and prevailing cap rates to arrive at a net asset value for the Real Estate Investment Trust. We have regularly adjusted our share price based on this analysis to ensure we are raising capital at a valuation that is fair to both our existing shareholders and our new shareholders.

Another item discussed at the strategic planning session was our acquisition strategy. It is important that acquisitions result in a return which increases our earnings per share. This is accomplished by purchasing assets at attractive prices and through judicious allocation of our capital. When acquiring assets, we strive for a capital structure which provides a reasonable loan-to-value ratio. We utilize debt because, at the current time, debt is our least expensive capital. Typically, acquisitions will be leveraged at a loan-to-value ratio of 50 to 60 percent. The importance of acquisitions is illustrated in our 2017 performance. In large part, the significant increase in earnings-per-share – over the previous year – was a result of the acquisition of the senior housing assets in the first quarter of 2017.
In 2018 and subsequent years, we will pursue growth opportunities when these acquisitions are accretive to our Company. On January 1, 2018, we closed on the acquisition of $120,000,000 in multi-family assets. These assets consisted of 18 apartment properties – 2,077 units – located in Springfield, Missouri; Wichita, Kansas; and West Fargo, North Dakota. Through this acquisition, we were fortunate to add seasoned multi-family operators to our management team who will assist in managing our newly acquired multi-family portfolio as well as the 1,400 multi-family units we currently own. We expect to see solid improvement in our multi-family performance in 2018.

Based on the performance of the Company, at our 2018 March Board of Trustees’ meeting, the board authorized an increase in our dividend payout from $.95 to $1.00 per share effective the third quarter commencing July 1, 2018. In addition, the Board of Trustees authorized an increase in the share price from $19 to $20 effective April 15, 2018.

Finally, we would like to recognize Earl Strinden and Phil Gisi for their service to Edgewood Real Estate Investment Trust. At the March 2018 Board of Trustees’ meeting, Earl Strinden’s resignation as board chair and Phil Gisi’s resignation as president were accepted by the Board. Earl has been the chairman of the Board since the inception of Edgewood Real Estate Investment Trust, and his contribution over the past seven years has been invaluable. Similarly, Phil Gisi has served as president of Edgewood Real Estate Investment Trust since its inception and has been instrumental in our growth and success. Fortunately, both individuals will continue to serve as members of the Board of Trustees and Mr. Gisi will continue to serve as a member of the external advisor to the Real Estate Investment Trust.

Although there has been a changing of the guard with the resignations of Earl Strinden and Phil Gisi, rest assured our commitment to the shareholders will not change and we will continue the ongoing building of Edgewood Real Estate Investment Trust for the benefit of our shareholders.

Sincerely,

Dan Mikkelson, Chairman of the Board   Jon Strinden, President
Your Investment

CREATING SHAREHOLDER VALUE

Edgewood REIT is a North Dakota based real estate investment trust organized in December of 2010. Edgewood REIT’s investment objective is to acquire quality senior housing, medical office buildings and multi-family assets, which will provide a strong rate of return to its shareholder base.

Edgewood REIT has grown its asset base to $839,000,000 (this amount reflects the January 1, 2018 acquisition of a $120,000,000 multi-family portfolio) and has provided a 17% compounded annual rate of return to its shareholders.

As of January 1, 2018, Edgewood REIT owns approximately $480,000,000 (cost basis) of senior housing assets; $284,000,000 (cost basis) of multi-family assets; and an additional $75,000,000 (cost basis) of commercial real estate and other investments.

Edgewood REIT continues to seek opportunities to grow its senior housing and multi-family portfolios and diversify into medical office buildings as attractive opportunities arise. Edgewood REIT is proud of its strong balance sheet and consistent history of earnings growth. The REIT enters 2018 with a strong foundation and a commitment to continue to grow its asset base, shareholder dividend payout and stock value.

DIVIDEND REINVESTMENT PLAN

A Dividend Reinvestment Plan is offered as a convenience to investors of record who wish to increase their holdings in the Company. Additional shares may be purchased, without a service or sales charge, through automatic reinvestment of quarterly cash dividends at a 5% discount.

OUR TENANTS

Our largest tenant is Edgewood OpCo LLC. All of our existing senior living facilities are master leased on a triple-net basis to subsidiaries of Edgewood OpCo LLC.

INVESTMENT PERFORMANCE

Calculations for the Investment Performance Chart are based on an initial investment of $100,000 with all quarterly dividends reinvested. An investment of $100,000 on January 1, 2011, (inception) would be worth $300,195.66 as of December 31, 2017.

INDEPENDENT AUDITOR’S REPORT

To the Management and Board of Trustees
Edgewood Real Estate Investment Trust
Grand Forks, North Dakota

We have audited the accompanying consolidated financial statements of Edgewood Real Estate Investment Trust and Subsidiaries, which comprise the consolidated balance sheets as of December 31, 2017 and 2016, and the related consolidated statements of operations, other comprehensive income, stockholders’ equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform our audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Edgewood Real Estate Investment Trust and Subsidiaries as of December 31, 2017 and 2016, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of Presentation

The consolidated financial statements include the accounts of Edgewood Real Estate Investment Trust and its subsidiaries, as noted above, in which it maintains a controlling interest. All material intercompany transactions and balances have been eliminated in the consolidated financial statements. Edgewood Properties is a 100% owner of the above-listed LLC entities. The Company's interest in the Operating Partnership was 37% as of December 31, 2017 which includes 100% of the general partnership interest. The limited partners own units in the Operating Partnership which have a conversion option they may exercise for Edgewood REIT common shares of beneficial interest, on a one-for-one basis. The limited partners have no voting rights in Edgewood REIT.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
Real Estate Investments

Real estate investments held for rental are stated at the lower of cost less accumulated depreciation or fair value if impairment is identified. Real estate investments held for sale are reported at the lower of their carrying amount or fair value less cost to sell. Buildings and land improvements are depreciated on the straight-line method over their estimated life not to exceed 40 and 20 years, respectively. Furniture, fixtures, and equipment are depreciated on the straight-line method over their estimated life not to exceed 9 years. All direct and indirect costs, including interest and real estate taxes associated with the development, construction, leasing or expansion of real estate investments, are capitalized as a cost of the property. Expenditures for renewals and improvements which significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for routine maintenance and repairs, which do not add to the value or extend the useful life of an asset, are charged to expense as incurred.

The Company allocates the purchase price based on the relative fair values of the tangible and intangible assets of an acquired property (including the land, building, and personal property) which are determined by valuing the property as if it were vacant and to the fair value of the intangible assets (including in-place leases.) The as-if-vacant value is allocated to land, buildings, and personal property based on management’s determination of the relative fair values of these assets. The estimated fair value of the property is the amount which would be recoverable upon the disposition of the property. Techniques used to estimate fair value include discounted cash flow analysis and reference to recent sales of comparable properties. A land value is assigned based on the purchase price if land is acquired separately or based on estimated fair value if acquired in a merger or in a single or portfolio acquisition.

Acquired above and below-market lease values are recorded as the difference between the contractual amounts to be paid pursuant to the in-place leases and management’s estimate of fair market value lease rates for the corresponding in-place leases. The capitalized above and below-market lease values are amortized and included as part of rent expense over the remaining terms of the respective leases, which include fixed rate renewal options for below-market leases if it is determined probable the tenant will execute a bargain renewal option. The REIT currently does not have any allocations to above or below-market lease values.

Other intangible assets acquired include amounts for in-place lease values which are based on the Company’s evaluation of the specific characteristics of the leases. Factors considered in the fair value analysis include an estimate of carrying costs and foregone rental income during hypothetical expected lease-up periods, considering current market conditions, and costs to execute similar leases. The Company also considers information about each property obtained during its pre-acquisition due diligence, marketing and leasing activities in estimating the relative fair value of the tangible and intangible assets acquired. The in-place lease allocations are included in real estate investments and amortized over the lease terms, including extensions, no greater than 20 years.

At least annually, or upon the occurrence of significant changes in the operations, Edgewood REIT evaluates its real estate investments to assess whether any impairment indications are present, including recurring operating losses and significant adverse changes in legal factors or business climate which affect the recovery of the recorded value. If any real estate investment is considered impaired, a loss is provided to reduce the carrying value of the property to its estimated fair value.

Cash and Cash Equivalents

Highly liquid investments with a maturity of three months or less when purchased are classified as cash equivalents.

Notes Receivable

Notes receivable are recorded at cost.
Straight-Line Rent Receivable

Rental revenue is recognized on a straight-line basis, which averages minimum required rents to be received over the terms of the leases. Rent recognized in advance of collection is reflected as a receivable arising from straight-lining rents, net of allowance for doubtful accounts. Rent concessions, including free rent, are reflected as a payable and are amortized over the terms of the related leases.

Receive-variable, Pay-fixed Interest Rate Swaps

The Company has adopted the alternative offered to nonpublic entities in FASB ASC 815-20 for certain variable rate borrowings involving receive-variable, pay-fixed interest rate swaps. In accordance with this alternative, the Company assumes there is no hedge ineffectiveness and applies the simplified hedge accounting approach for all interest rate swaps meeting those criteria. In addition, the Company measures the swap using settlement value rather than fair value.

Other Investments

Other investments consist of earnest money deposits and other nonmarketable investments recorded at cost.

Allowance for Doubtful Accounts

Accounts receivable is considered past due if any portion of the receivable balance is outstanding more than 90 days. Interest is charged on accounts receivable which are past stated terms and recognized as it is charged. The accrual of interest is discontinued when management believes the receivables are impaired or collection of interest is doubtful. There were no significant nonaccrual accounts receivable at December 31, 2017 and 2016.

Management evaluates the allowance for doubtful accounts by assessing the recoverability of rent and other receivables, and comparing the carrying value with the estimated realizable value. Management considers the tenant’s financial condition and credit history as well as current economic conditions. Accordingly, management has recorded an allowance for doubtful accounts of $7,408 and $0 as of December 31, 2017 and 2016, respectively.

Distributions Payable

Distributions payable represent distributions declared to common shareholders and unit holders in the operating partnership of record on December 31, 2017 payable on January 15, 2018.

Federal Income Taxes

Edgewood REIT operates in a manner intended to qualify as a Real Estate Investment Trust under Sections 856-860 of the Internal Revenue Code of 1986, as amended. Under those sections, a REIT which distributes at least 90% of its taxable income as a dividend to its shareholders each year and which meets certain other conditions will not be taxed on that portion of its taxable income. For the year ended December 31, 2017, the Company distributed in excess of 90% of its taxable income within the prescribed time limits; accordingly, no provision has been made for federal income taxes in the accompanying consolidated financial statements. If the Company fails to qualify as a REIT in any taxable year, the Company will be subject to federal income tax on its taxable income at regular corporate rates (including any alternative minimum tax) and may not be able to qualify as a REIT for the four subsequent taxable years. Even as a REIT, the Company may be subject to certain state and local income and property taxes, and to federal income and excise taxes on undistributed taxable income. In general, however, if the Company qualifies as a REIT, no provisions for federal income taxes are necessary except for taxes on undistributed REIT taxable income.
Edgewood REIT conducts its business activity as an Umbrella Partnership Real Estate Investment Trust ("UPREIT") through its Operating Partnership. UPREIT status allows Edgewood REIT to accept the contribution of real estate in exchange for operating partnership units. Generally, such a contribution to a limited partnership allows for the deferral of gain by an owner of appreciated real estate.

Distributions were characterized, for federal income tax purposes, as 28% ordinary income and 72% return of capital for the year ended December 31, 2017, and 26% ordinary income and 74% return of capital for the year ended December 31, 2016.

The Company’s policy is to evaluate the likelihood its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

Non-controlling Interests

Ownership interests in the Operating Partnership held by limited partners are represented by operating partnership units. The Operating Partnership’s income is allocated to holders of units based upon the ratio of their unit holdings to the total common shares and operating partnership units outstanding during the period. Capital contributions, distributions, and profits and losses are allocated to limited partners in accordance with the terms of the Operating Partnership agreement. Limited partners as of December 31, 2017 and 2016, were considered non-controlling interests.

Variable Interest Entity

The Company has determined the Operating Partnership, Edgewood Properties, LLLP, is a variable interest entity (VIE). The limited partners lack voting rights and substantive participating rights. The Company is the primary beneficiary of the VIE, and the partnership is required to be consolidated on the Company’s balance sheet because it has a controlling financial interest in the VIE and has both the power to direct the activities of the VIE which most significantly impact the VIE’s economic performance and the obligation to absorb losses or the right to receive benefits from the VIE which could be significant to the VIE. Because the Operating Partnership is a VIE, substantially all of its assets and liabilities are held through a VIE.

Reclassifications

Certain reclassifications have been made to the 2016 financial statements to conform to the 2017 financial presentation. Such reclassifications had no effect on net income previously reported.

NOTE 2 OFF-BALANCE SHEET RISK

The Company maintains cash on deposit at various financial institutions. The amounts on deposit were insured by the FDIC up to $250,000 per financial institution. At December 31, 2017 the Company had approximately $15,654,000 in excess of FDIC coverage.
NOTE 3  PROPERTY

Property, consisting principally of real estate owned and leased to tenants, is stated at cost less accumulated depreciation and is summarized as follows:

EVI Columbia was sold during 2016 to an unrelated third-party. A parcel of land was also sold during 2016 to an unrelated third-party.

**NOTE 5   NOTES RECEIVABLE**

Notes receivable of $8,000,000 at December 31, 2017 consists of a loan receivable from Edgewood Group, LLC secured by the preferred stock of Edgewood OpCo, LLC, which carries an interest rate of 9% and is due on demand (see Note 10).

Notes receivable of $6,400 at December 31, 2016 consisted of an unsecured loan to Edgewood Group, LLC, which carried an interest rate of 6% and was due on demand (see Note 10).

Notes receivable of $4,901,987 and $0 as of December 31, 2017 and 2016, respectively, consists of a loan secured by real estate to Bismarck Land Company, LLC (a related party) which carries an interest rate of 6% and is due March 1, 2018 (see Note 10).
NOTE 6 COMMITMENTS AND CONTINGENCIES

Risk of Uninsured Property Losses

Edgewood REIT maintains, at management's discretion, adequate insurance against property damage, fire loss, and liability insurance. However, there are certain types of losses (generally of a catastrophic nature) which may be either uninsurable or not economically insurable. Such excluded risks may include war, earthquakes, hurricanes, certain environmental hazards, and floods. Should such events occur, (i) Edgewood REIT might suffer a loss of capital invested, (ii) tenants may suffer losses and may be unable to pay rent for the spaces, and (iii) Edgewood REIT may suffer a loss of profits.

Litigation

Edgewood REIT is subject to a variety of legal actions for personal injury or property damage arising in the ordinary course of business, most of which are covered by liability insurance. Various claims of resident discrimination are also periodically brought, most of which are covered by insurance. While resolution of these matters cannot be predicted with certainty, management believes that the final outcome of these claims and legal proceedings will not have a material effect on our liquidity, financial position, cash flows, or results of operations.

Environmental Matters

Under various federal, state, and local laws, ordinances, and regulations, a current or previous owner or operator of real estate may be liable for the costs of removal of, or remediation of, certain hazardous or toxic substances in, on, around, or under the property. While management currently has no knowledge of any material violation of environmental laws, ordinances, or regulations at any properties, there can be no assurance the areas of contamination will not be identified at the properties or changes in environment laws, regulations, or cleanup requirements would not result in material costs.

**NOTE 8  LINE OF CREDIT**

The Company has a revolving line of credit with Alerus Financial, N.A. with a limit of $15,000,000. The note has a stated maturity date of May 1, 2019, with interest payable monthly at a variable rate based on 1-month LIBOR. As of December 31, 2017, the line of credit carried an interest rate of 3.97%. The note is secured by real property owned by the Company. The outstanding balance as of December 31, 2017 and 2016 was $3,500,000 and $0, respectively.

**NOTE 9  RECEIVE-VARIABLE, PAY-FIXED INTEREST RATE SWAPS**

As disclosed in Note 7, the Company has multiple notes outstanding with Bremer Bank which total $111,023,309 and $65,242,903 as of December 31, 2017 and 2016, respectively. During 2017, the Company entered into interest rate swap contracts with seven of the notes referred to above, which mature when the debt matures, to effectively convert these variable-rate borrowings into fixed-rate borrowings with interest rates ranging from 3.98% to 4.59%. The swap contracts qualify for the simplified hedge accounting alternative offered to nonpublic entities and are measured at settlement value. As of December 31, 2017 and 2016, the Company recognized cumulative losses of $54,036 and $0, respectively, in other comprehensive income (loss) from changes in the swap contract’s settlement value. This cumulative amount is included in accrued liabilities as of December 31, 2017 and 2016.

**NOTE 10  TRANSACTIONS WITH RELATED PARTIES**

Edgewood REIT and Subsidiaries (the Company) is routinely involved in transactions with other entities within the Edgewood Group of companies (Edgewood OpCo, LLC (the operating companies), Edgewood Group, Edgewood Development Group, and Edgewood Management Group, et al). Mr. Philip Gisi and his family own approximately 2.60 percent of the outstanding voting shares of the Company. Mr. Gisi currently serves as an "at large" member of the Board of Trustees of Edgewood REIT. Prior to March 20, 2018, Mr. Gisi served as President of the Company’s Board of Trustees.

Mr. Gisi and his family also control a majority ownership of the Edgewood Group of companies. As a result, Edgewood REIT and the Edgewood Group of companies are related parties. See below for a summary of the entities, the amount receivable or payable to each as of December 31, 2017 and 2016, and the revenue or expenses incurred to each of the years ended December 31, 2017 and 2016.

The Company receives rental income from the various Edgewood operating companies. NOTE 13 INCOME TAXES

It is the opinion of management the Company has no significant uncertain tax positions which would be subject to change upon examination. The federal income tax returns of the Company are subject to examination by the IRS, generally for three years after they are filed. All required filings with tax authorities are up-to-date.

NOTE 14 FUTURE ACCOUNTING PRONOUNCEMENTS

ASU 2014-09, Revenue from Contracts with Customers (Topic 606)

During 2014, the FASB issued a new standard related to revenue recognition. ASU2014-09, upon its effective date, replaces almost all existing revenue recognition guidance, including industry-specific guidance, in current U.S. GAAP. Under the new standard, revenue is recognized when a customer obtains control of promised goods or services in an amount which reflects the consideration the entity expects to receive in exchange for those goods or services. In addition, the standard requires disclosure of the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The guidance will be effective for the Company for annual periods beginning after December 15, 2018, and interim periods within annual reporting periods beginning after December 15, 2019.

ASU 2016-02, Leases (Topic 842)

During 2016, the FASB issued guidance to change the accounting for leases. The main provision of ASU 2016-02 is lessees will be required to recognize lease assets and lease liabilities for most long-term leases, including those classified as operating leases under GAAP. The ASU is effective for the Company for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020.

Per this ASU, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. For the Company, this ASU is effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019.

ASU 2017-01, Business Combinations (Topic 805): Clarifying the Definition of a Business

This ASU clarifies the definition of a business and affects many areas of accounting, such as acquisitions, disposals, goodwill impairment and consolidation. The guidance will assist entities in evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. For the Company, the ASU is effective for annual periods beginning after December 15, 2018, and interim periods within annual periods beginning after December 15, 2019.
ASU 2017-12, Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities

This ASU makes several targeted improvements to the accounting for hedging activities. For the Company, the ASU is effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020.

Management has not yet determined what effect these pronouncements will have on the Company’s financial statements.

With the exception of the new standards discussed above, we have not identified any other new accounting pronouncements that may have potential significance to the Company’s Financial Statements.

NOTE 15  SUBSEQUENT EVENTS

Subsequent to December 31, 2017, the Company completed the following acquisitions:

The acquisition of Missouri Valley REIT, which was finalized as of January 16, 2018, consists of 15 multi-family buildings located in Missouri, North Dakota, and Kansas. The assets were purchased for $120,000,000 and resulted in the issuance of new classes of shares and units.

The acquisition of EVI Falcon Apartments, LLC was finalized as of February 9, 2018. The purchase price was $7,821,433.

Subsequent to December 31, 2017, the Company completed the following dispositions:

The partial disposition of Winterland I and complete disposition of Winterland II for a total of $2,900,000 was finalized on January 5, 2018.

No other significant events have occurred subsequent to the Company’s year-end. Subsequent events have been evaluated through March 28, 2018, the date these financial statements were available to be issued.
